

Ministerio de Deportes y Recreación

ACTA SIMPLE APODERANDO AL DEPARTAMENTO COMPRAS PARA DAR INICIO AL PROCESO DE COMPRA POR DEBAJO DEL UMBRAL.

REFERENCIA: MIDEREC-DAF-CD-2025-0013.

Descripción del servicio: PUBLICACION DE FE DE ERRATAS, LOS SERVICIOS DE ALIMENTACION PARA LOS DEPORTISTA DEL MINISTERIO DE DEPORTES Y RECREACION DIRIGIDO A MIPYMES MUJER

VISTA: *La Ley No. 340-06 sobre Compras y Contrataciones Publicas de Bienes, Servicios, Obras y Concesiones, de fecha dieciocho (18) de agosto del dos mil seis (2006), su posterior modificación contenida en la Ley No. 449-06 de fecha seis (06) de diciembre del dos mil seis (2006).*

VISTO: *El Reglamento de Aplicación de la Ley No. 340-06, emitido mediante el Decreto No. 416-23 de fecha catorce (14) de septiembre del dos mil veintitrés (2023).*

VISTA: *La Solicitud, las Especificaciones y las Bases para la adquisición indicada en la referencia, conforme al requerimiento realizado por el área requirente.*

VISTA: *La Certificación de Existencia de Fondos, avalada por la Lic. Karina Felix, directora Financiera.*

APODERAMOS: *Al Departamento de Compras para que realice el proceso bajo la modalidad de **PROCESO DE COMPRA POR DEBAJO DEL UMBRAL.***

DESIGNAMOS: *Hector Aquiles Gomez (**director nacional de Comunicaciones**) como perito para la evaluación de las ofertas recibidas.*

Dado en Santo Domingo, Distrito Nacional, República Dominicana, a los (20) días del mes de febrero del año (2025).

PHYSICS 309

LECTURE 1

PROBLEMS

1. A particle of mass m moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal acceleration.

2. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.

3. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.

4. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.

5. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.

6. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.

7. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.

8. A particle moves in a circular path of radius r with constant speed v. Find the magnitude of the centripetal force.
