PRESUPUESTO SUMINISTRO E INSTALACION DE LUCES

Pág.: 1/1

Proyecto: Suministro e instalacion de Luces
Ubicación: DEPARTAMENTO AEROPORTUARIO.

No.	Descripción	Cantidad	UD	Costo Unitario (RD\$)	Importe (RD\$)
1	COSTO DIRECTO				
1.01	Suministro y colocacion de luces rojas DOBLE LED Low-intensity Aviation Obstruction Light segun normativa y especificaciones: 1.Light source: High intensity LED 2.Emitting color: Red 3.Light intensity: 32cd 4.Flashing rate: Steady-burning (Factory Settings) / 20/30/60 adjustable 5.Material: Lens: Polycarbonate-Base: die casting aluminum 6.Built-in photocell 7.Working voltage: AC (110-240VAC) 8.Material: solar panel: mono crystalline silicon; base: die-casting aluminum, battery: lithium battery	10.00	UD	49,500.00	495,000.00
1.02	suministro e instalaciones de luces led SENCILLA a LED Low-intensity Aviation Obstruction Light segun especificaciones: 1.Light source: High intensity LED 2.Emitting color: Red 3.Light intensity: 32cd 4.Flashing rate: Steady-burning (Factory Settings) / 20/30/60 adjustable 5.Material: Lens: Polycarbonate-Base: die casting aluminum 6.Built-in photocell 7.Working voltage: AC (110-240VAC) 8.Material: solar panel: mono crystalline silicon; base: die-casting aluminum, battery: lithium battery	13.00	UD	42,308.00	550,004.00
1.03	INSTALACION	23.00	UD	14,347.83	330,000.09
2.00					
TOTAL GENERAL PRESUPUESTADO (RD\$):					1,375,004.09
